

Pneumatic Station for Cobots

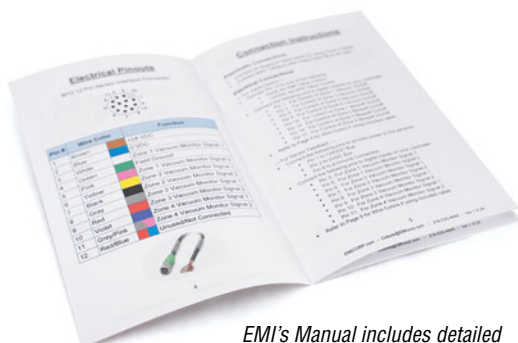

Inspired by real world solutions designed by EMI, this 4-Zone Pneumatic Station checks a lot of boxes for cobot vacuum handling applications. With powerful double solenoid valves, check valves for blow off and smart monitoring switches, this plug and play solution will help put any robot to work!

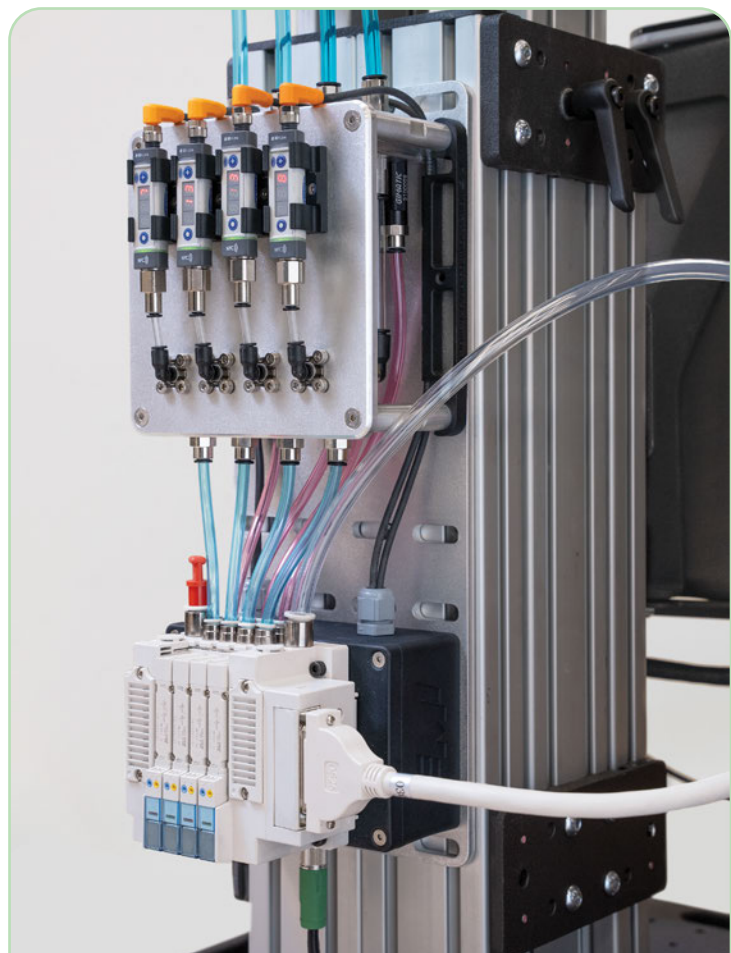

In-Stock!

Quick# 8310
Part# CRA-4ZHV-1S
PRICE: \$3,547.00

- Non-polar 4-zone double solenoid valve (NPN or PNP).
- Quick# 8799 High vacuum generators. Can be converted to High Flow or Low Pressure.
- Quick# 8789 Vacuum monitoring switches configurable to NPN or PNP.
- Independently controlled blow-off non-return valves for part release and reduced maintenance intervals.
- M12, 12-pin connector and cable included for switch power and signal.
- Two-position 25-pin D-Sub connector and cable for valve control and power.
- Hardware, fittings, tubing and cables included.

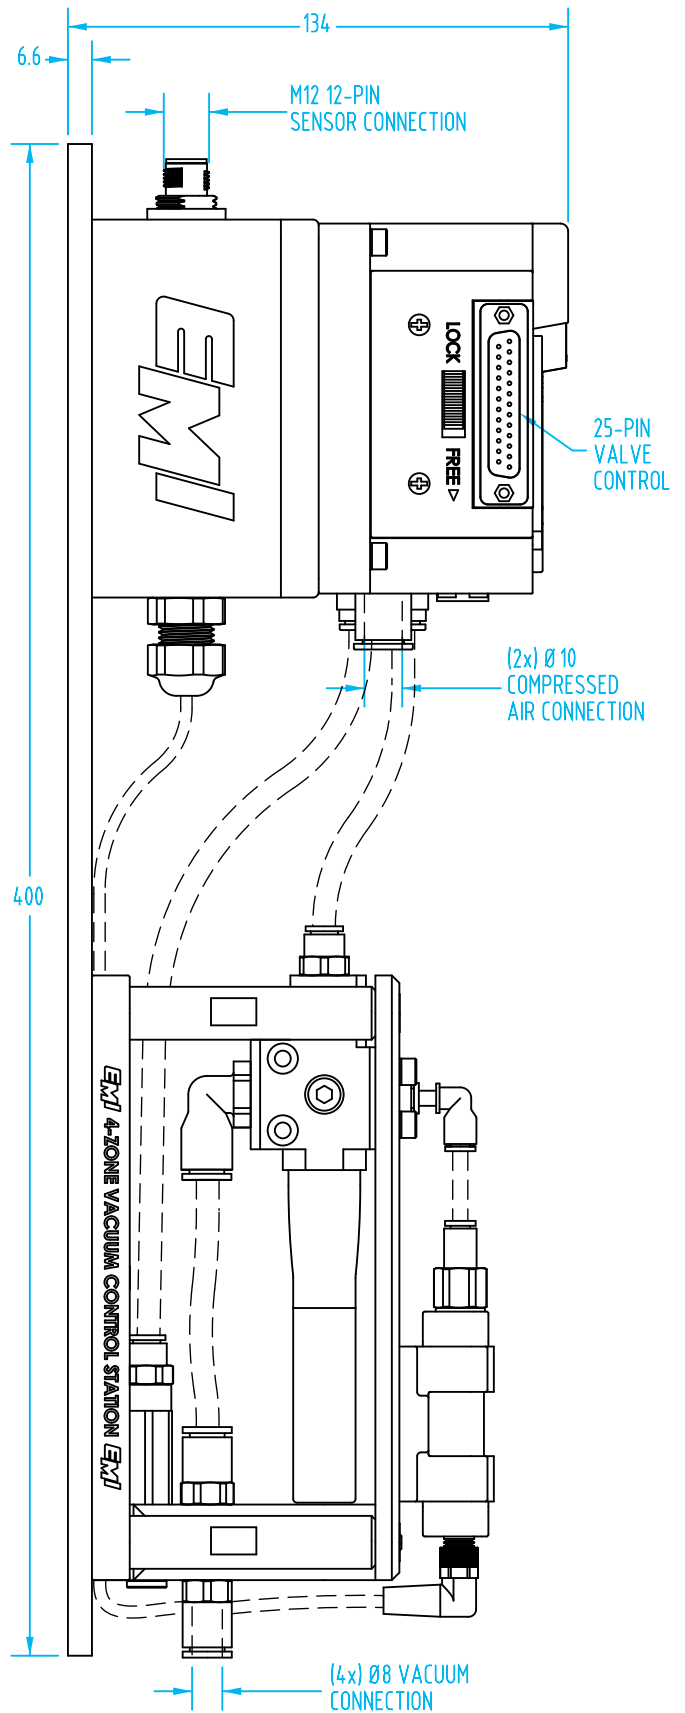

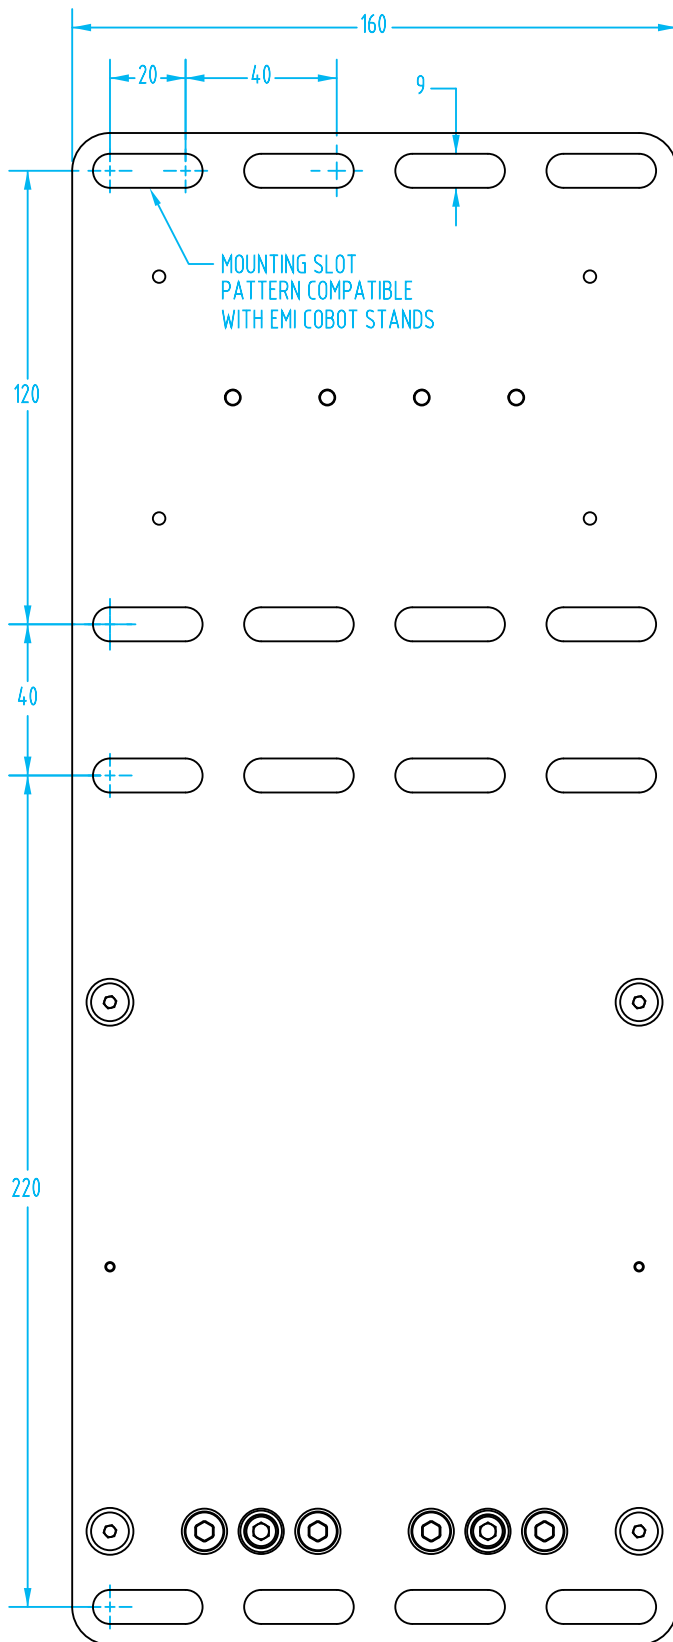

EMI's Manual includes detailed instructions to get you up and running!
