Robot-Side

Now available in-stock from EMI, ATI is a leading manufacturer of Tool Changers and the new MC-50 is a great addition to EMI's offering.

With intuitive and ergonomic lever operation, the MC-50 Manual Robot Tool Changer provides a simple solution for quickly changing robotic end-of-arm tooling by hand. The low-profile MC-50 mounts directly to most cobots and seamlessly integrates with the grippers and end-effectors found in this catalog.

- **Suggested payload: 55 lbs (25kg)**
- Includes a safety latch button on the lever to provide secondary locking for increased safety and prevention of involuntary uncoupling.
- Four integrated M5 pneumatic pass-through ports for reliable supply to downstream tooling.
- Direct mounting to ISO 9409-1-50-4-M6 robot wrists to minimize stack height.
- Optional Electrical Modules (ML8): Tool-Side with M8, 8 pin male connector. Robot-Side with M8, 8 pin female pigtail cable to connect to robot wrist.
- Electrical connector compatible with UR and Fanuc CRX.

Quick#	Part#	Description	Weight	Price
8172	9122-050M-000	Robot-Side	420g	\$1,075.00
8173	9122-050T-000	EOAT-Side	183g	\$545.00
