

Packaging Elastodur Vacuum Cups, Flat-Ribbed – Schmalz SPF

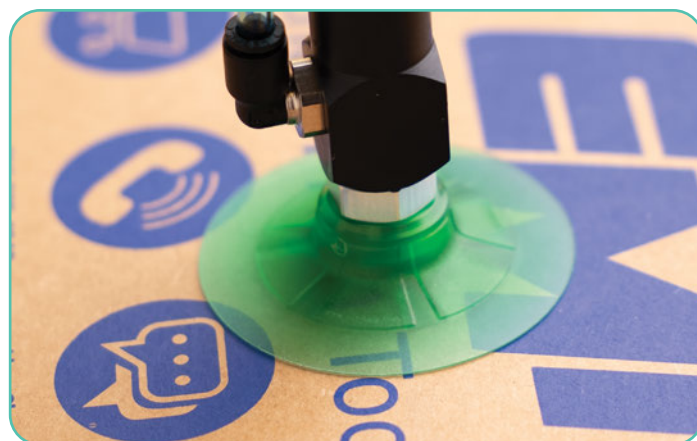

Flexible lips allow for sufficient seal while the tough Elastodur endures high abrasion applications such as cardboard and other rigid packaging.

- Elastodur material has a 65° shore and minimizes wear.
- Flat vacuum cups have ribs that provide high suction rates.
- These cups are also used in palletizing and depalletizing processes.
- Heavy-duty applications that require suction cups with excellent sealing and low wear.
- Cups 40mm and larger have a two-piece nipple.

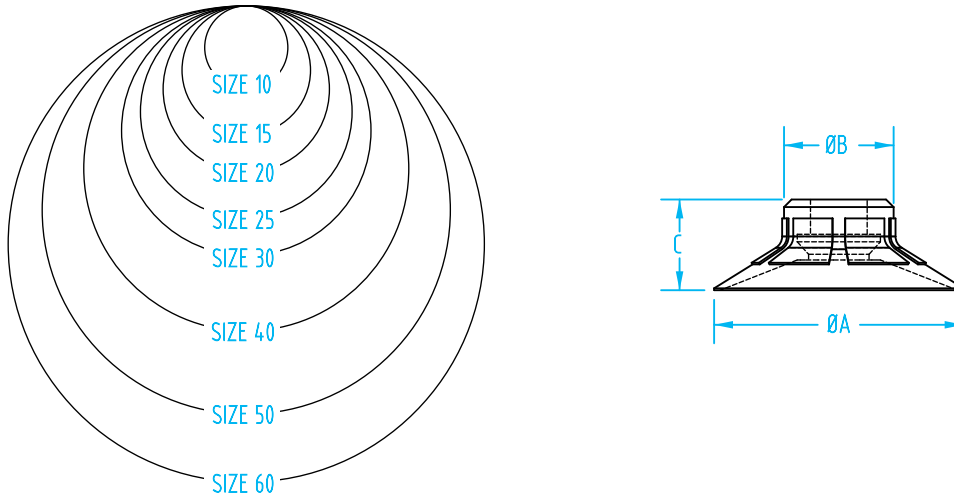

Schmalz SPF Vacuum Cup Properties

Material	Color	Max Temp. (<30 sec.)	Max Temp. (>30 sec.)	Durometer
Elastodur	Green	-40 to 212 °F	-13 to 176 °F	55°

Packaging Elastodur Vacuum Cups, Flat-Ribbed – Schmalz SPF
