

**Mini compliance device, for small grippers**

- X-Y and angle  $\alpha$  compliance [1].
- Rigid in Z direction.
- One air lead to get the central zero position [2].
- Another air lead to lock in any offset position [3].

		MCD124
Weight		204 g
Maximum radial compliance	$\sqrt{X^2 + Y^2}$	1 mm
Maximum angular compliance	$\alpha$	10°
Locking force in central position	F2	200 N (6 bar)
Locking force in off-centre position	F3	20 N (6 bar)
