

Sprue Pusher for GRZ-20 Full Body Sprue Grippers

- If attaching to a gripper with a sensor, mount to the opposite side as the sensor finger.
- The AAE Sprue Pusher is 3D printed from a durable plastic material in order to save weight.
- Actuated by a pneumatic micro barrel cylinder, a spring returns the pusher back into its default position.
- Kit includes: Sprue push unit, M3 fitting for 4mm tubing, 6mm to 4mm tubing reducer, 3' (1meter) 4mm tubing.
