

Mini Sprue Gripper with Custom Jaws – PB-0017

(Dimensioned drawings shown full scale)

- Single-acting with protected opening spring.
- Higher grip force than other similarly sized sprue grippers.
- Angular, non-self-centering.
- Ø10mm diameter mounting post with M5 air port allows this gripper to be used with standard mounting and air connection components. Alternate M5 air port on front of gripper can be used.
- Replacement parts available online.

| Quick# | Part# | Price | Style | Closing Force at 25mm Tooling Length* | Weight |
|--------|---------|----------|-----------------|---------------------------------------|--------|
| 7116 | PB-0017 | \$121.00 | For custom jaws | 11.0 lbf | 45g |

* The Closing Force listed is both jaws combined when supplied at 87psi. Tooling length is measured from jaw pivot point.
