

# PIAB – Duraflex® Polyurethane with 1.5 Bellows

(Shown Actual Size)

## Dual Durometer Polyurethane

These polyurethane vacuum cups are constructed in two different durometers (hardness). The cups have a sturdy and “forgiving” bellows (60° shore, green) and a large flexible sealing surface (30° shore, yellow) that performs extremely well on uneven surfaces. 30° shore makes these the most flexible sealing surface cups available. White filter discs are included with 25mm and larger PIAB Dual Durometer cups.

The polyurethane makes them mark free and long lasting. The dual durometer makes these vacuum cups both strong and flexible.

Many consider these the best performing polyurethane cup available.

Dual Durometer Vacuum Cup Properties

Material	Color	Max Temp.	Durometer
Dual Durometer Polyurethane	Semi-translucent Green / Yellow	122°F	60° / 30° Shore

Order nipples separately. See page 356–357 for nipple dimensions.
