

4.5 Bellows – Silicone

(Shown Actual Size)

4.5 Bellows Vacuum Cup Properties

Material	Color	Max Temp.	Durometer
Silicone	Semi-translucent white	392°F	50°

Use 4.5 bellows cups for significantly curved or angled parts. Remember, 4.5 bellows cups have a significant volume of air to evacuate before vacuum can be generated to grip the part, so attach and release times are greater.

* 12mm Compressed

Pad øD	Part#	Quick#	Price
20mm	GSV-4BS-20	1390	\$9.17
Nipples - Order Separately			
412	GSF-NF2-G8M5	Male/Female	\$5.00

* 14mm Compressed

Pad øD	Part#	Quick#	Price
30mm	GSV-4BS-30	1391	\$12.97
Nipples - Order Separately			
413	GSF-NF3-G8	Female	\$6.25

* 22mm Compressed

Pad øD	Part#	Quick#	Price
